The Beaver Lodge Trust Society

In case you were wondering...

The Beaver Lodge Lands are not a city park. In 1931 the Beaver Lodge Forest Lands were gifted in trust to the Province by the Elk River Timber Company. Since 1993 the Ministry of Forests has managed the Beaver Lodge Forest Lands with input from a local advisory group known as the Beaver Lodge Forest Lands Trust Committee.

In 2022 a registered non-profit society, called the Beaver Lodge Trust Society was formed to replace the Beaver Lodge Trust Committee. The purpose of the Society is “To assist and advise in the stewardship of the Beaver Lodge Lands to balance the needs of the natural environment, the users, and the broader community in an inclusive, collaborative, and transparent manner.”

The Society does not have the authority to make decisions related to the Beaver Lodge Lands. Instead, the Society advises the Ministry of Forests as to what the public’s vision for the Lands and their management is. Your input is greatly appreciated!
